BRainerd, MINN., WEDNESDAY, JULY 3, 1907

PRICE TWO CENTS

ACT NOT UNFRIENDLY

Japan Would Not Resent Increase of Pacific Fleet.

AOKI DISCUSSES SUBJECT

Mikado's Ambassador to the United States Gives His Opinion of Reported Strengthening of United States Naval Force on the Pacific.

Washington, July 3.—"No, Japan would not regard it as an unfriendly act if the American government saw fit to increase her naval representation in her territorial waters on the Pacific coast, or even if she sent additional men-of-war to the Asiatic station. She would not look upon it as a menace or regard it with regret."

These were the words of Viscount Aoki, the Japanese ambassador to the United States, when his attention was called to published reports that the general board of the navy had recommended to the president that the battleships of the American fleet be sent around to the Pacific coast. At the same time the ambassador expressed a great deal of interest in the stories printed and asked if they were true. He disliked, he said, to appear in the public prints when there was no reason for it, but he felt at perfect liberty to say what he did on this subject.

The ambassador recalled that it is the custom and practice of nations to send vessels of their fleets into the waters of other nations and instanced the fact that very recently several Japanese warships had visited American waters at the Jamestown exposition.

For the moment the embassy officials are not contemplating any action in the matter of the denial of the intelligence office privileges to the Japanese at San Francisco. Mr. Aoki reiterated that question can be taken up in the courts by the persons affected by the police board's decision and if the decision of the judges is such as to leave room to believe that the treaty rights of the Japanese have been denied, then the embassy will take the matter up with the state department. The question for the time being is one for the courts, he added.

Mr. Aoki said that the Nichi Nichi, the Japanese newspaper which has been making some adverse comment on the intelligence office cases, does not represent the government's attitude on the question and that some of its observations were not just.

SECOND TRIAL OF THAW.

Defendant Believes Jerome Will Not Try to Delay It.

New York, July 3.—A. Russell Peabody and Daniel O'Reilly, attorneys for Harry K. Thaw, have served on Acting District Attorney Smyth notice of withdrawal of the motion recently made in the supreme court for an order directing District Attorney Jerome to show cause why he should not set Thaw's second trial for the October term of court. Thaw has decided that the district attorney intends to act fairly by him in the matter of bringing him to trial as soon as possible.

Vessel a Total Loss.

Halifax, N. S., July 3.—The steamer that went ashore at Half Moon ledge near Cape Sable has been identified as the wooden steamer Cartagena, bound from Michigan via the Great Lakes for Boston with coal. The steamer broke in two Tuesday and probably will a total loss. The crew of fourteen men reached shore safely.

TORNADO IN TEXAS.

Considerable Damage Done. But No Loss of Life Reported.

Dallas, Tex., July 3.—Meager reports have been received of a tornado that swept through portions of Wichita, Baylor, Young, Taylor, Knox and Haskell counties. The storm from the reports received followed the Wichita Valley railroad, touching points between Wichita Falls and Rochester, a town in Haskell county, on the Orient railway and to the southward.

Considerable damage was done at Wichita Falls and rain badly hurt the crops in that vicinity.

At Olney, in Young county, a number of buildings were wrecked. At Seymour considerable damage to property was done and at Munday a number of buildings were destroyed. The town of Rochester is reported as almost destroyed.

The town of Merkel, in Taylor county, is reported partially destroyed and damage is reported as far west as Amarillo. Several reports show that people were injured, but give no particulars, with the exception that at Olney, Mrs. W. K. Haygood is reported seriously hurt. Wire communication with the storm-swept district cannot be had.

FIRE IN A MAIL CAR.

Destroys Practically Its Entire Contents in Iowa.

Sioux City, Ia., July 3.—Fire in the mail car of the Illinois Central Chicago flyer destroyed practically the entire contents two miles west of Cherokee. Nearly 300 pounds of letter mail, 1,500 pounds of newspapers and all the registered mail was destroyed. Mail Clerk Cleave was painfully burned about the face and hands.

The fire originated in the vestibule between the mail and baggage cars and is supposed to have been caused by sparks from the engine. Clerk Cleave, smelling smoke, opened the door and the flames rushed in, igniting the mail. The car was rushed to Cherokee where the flames were subdued.

Bad Fire in Minneapolis.

Minneapolis, July 3.—Fire gutted the building occupied by W. K. Morrison & Co.'s hardware store at 247-249 Nicollet avenue, doing damage to contents and building to the amount of \$150,000. Damage to the amount of about \$50,000 was done to the stock of the Leader department store adjoining. The blaze is supposed to have started from spontaneous combustion.

LARGE SUM INVOLVED.

Senator Clark of Montana Must Account for Copper Dealings.

New York, July 3.—The American says by a decision of Judge Ames in special session of the supreme court which was made public Tuesday, Ex-Senator William A. Clark must account for all the dealings of the United Verde Copper company, involving the sum of more than \$300,000,000. The decision comes after eight years of litigation as the result of a suit brought by George A. Treadwell for the minority stockholders.

The United Verde mine is located at Jerome, Ariz.

HER SAVINGS OF YEARS.

Extorted From an Italian Woman by Her Countrymen.

Pittsburg, July 3.—Mrs. Stella Pagana, an Italian, told in Magistrate Brandt's court here that her savings of years had been extorted from her by two of her fellow countrymen. Giuseppe Furcio and Prisco Bartimo have been arrested upon complaint of Mrs. Pagana, who alleged that from time to time they had demanded money by threatening letters. The demands were for \$20 and \$30 at a time.

DENY HIS TESTIMONY

Three Witnesses Say Orchard Testified Falsely.

NOT IMPLICATED IN CRIMES

Declare They Were Not Parties to Murder Plots of Orchard—Another Unusual Feature Contributed to This Unusual Criminal Case.

Boise, Ida., July 3.—Max Malich, Joe Mehelich and Billy Aikman, three of the men variously implicated in alleged misconduct at Globeville, Denver and Cripple Creek on the word of Harry Orchard, went on the stand as witnesses for William D. Haywood and made denial of Orchard's testimony.

Malich swore that Orchard and not he suggested the plot of dynamiting a boardinghouse full of nonunion men at Globeville and that Orchard originated the idea of killing William McDonald, one of Malich's business rivals.

He said that he had been burned by some mysterious acid thrown into his house by an unknown hand, but denied that this acid was really "Pettibone dope" that had been left in his room by Steve and Annie Adams. He also denied that "Pettibone dope" had been used in burning his store and said that he was at his ranch when the fire occurred. He also swore that Orchard had told him that but for Governor Steunenberg he would be rich and that he intended to kill Steunenberg.

Mehelich and Aikman, who followed Malich, also made circumstantial denial of all the things Orchard swore they did with him. The cross-examination of all three witnesses showed a purpose on the part of the state further to deal with their testimony when the case in rebuttal is reached. When Orchard is recalled he will be asked to give his version of the alleged use of "Pettibone dope" in burning Malich's store at Globeville.

Another Unusual Feature.

Another unusual feature was contributed to this unusual crime with its background of plots and counter plots, criminal, industrial and political, by the appearance as a witness for the defense of E. L. McParland, a brother of Detective James McParland who worked up the case against Haywood, Moyer and Pettibone and obtained Orchard's confession. This McParland is a shoemaker at Manitou and he came to tell that while he was following his craft at Victor during the strike he was unceremoniously taken from his last by the militia, thrust into the "bull pen" and then deported.

Eugene Englee, former attorney general of Colorado, also swore that Orchard told of a loss of a rich share in the Hercules mine and of his intention to kill Steunenberg. Englee told at great length how the military authorities at Cripple Creek defied the processes of the civil courts, how he was deported from Telluride where he went as counsel for the federation, and how he was later deported from Cripple Creek the day the mob destroyed the union store at Goldfield. His entry into extended descriptions and minute details brought repeated objections from the prosecution and finally the judge intervened to limit him to the material facts to save time.

The defense produced Thomas C. Foster, now bartender of Bisbee, Ariz., and who as a union miner was tried and acquitted at Cripple Creek on the charge of attempting to wreck a train on the Florence and Cripple Creek railroad. Foster told of his experience in the "bull pen," an attempt of Detectives Scott and Sterling to force a confession from him, which was followed by seventeen days' solitary confinement and his final flight from the district when he walked thirty miles and fasted for over thirty hours.

GIANT POWDER EXPLOSION

Jars Buildings and Breaks Windows for Miles Around.

Salt Lake City, July 3.—Two carloads of giant powder standing on a sidetrack of the Oregon Short Line at Back's Hot Springs, five miles from this city, caught fire from burning grass and exploded, jarring heavy buildings in this city and breaking windows for miles around.

A local passenger train on the Oregon Short Line was a quarter of a mile away when the powder exploded. Every window in the train was broken and passengers were thrown out of their seats. Telegraph and telephone communication as cut off, as every pole in the neighborhood went down.

Wins Lawn Tennis Championship.

Philadelphia, July 3.—Miss Evelyn Sears of Boston won the women's singles lawn tennis championship of the United States for 1907 by defeating in the final round of the national tournament at St. Martin's, Miss Carrie B. Neely of Cincinnati by a score of two sets to nothing.

REMARKABLE ESCAPE.

Over Fifty Men Imperilled by Collapse of Building.

Cincinnati, July 3.—Fifty-two men had a remarkable escape from death in the collapsing of a four-story business block on Main street, only ten being injured and none of these dangerously. The accident was caused by the weakening of foundations by the excavation being made at the corner of Ninth and Main streets for the new ten-story building of the Second National bank and the building that fell was that occupied by the office furniture firm of Levi & White. Its outer wall fell over into the excavation where the laborers were enjoying their midday meal. Forty laborers were employed on the job and most of them were seated around the excavation when the wall fell. In the wrecked building were a dozen other men, some of whom were shot out through the windows and wreckage into the street. That numbers were not killed outright seemed little less than miraculous and for some time it was believed that several of those under the wreckage must have perished. However, the timbers in falling formed arches under which the men were safely housed. Situated in the heart of a crowded business section but a few minutes elapsed before a large force of volunteer rescuers was at work. Not until nearly two hours after the accident was it positively known that no one had been killed.

Isaac White of the firm of Levi & White was slightly injured; his stenographer, Fred Miller, suffered considerable from bruises caused by being thrown out of the elevator through the wreckage into the street; Joseph McDonald, a fireman, was struck on the head by a falling brick while working on the ruins, but the other injured were laborers, none of whom was believed to be dangerously hurt. The property loss is estimated at \$12,000.

TO KILL COUNT WITTE.

Full Details of a Reactionary Plot Revealed.

St. Petersburg, July 3.—From revolutionary sources there has been obtained and published full details of a sensational reactionary plot to compass the murder of Count Witte, the former Russian premier who represented his country at the peace negotiations at Portsmouth in 1905. This assassination was planned by the Moscow branch of the Union of True Russian People, the organization to which the emperor sent a communication on June 17 conveying his blessing to the ultra-reactionary party and his hopes for the success of its purposes. The execution of the plot was entrusted to the leader of the Moscow branch, a man named Kazantseff, who came to St. Petersburg the latter part of May and secured employment in a factory as a common laborer. He befriended several of his fellow workmen and after announcing himself as an anarchist he enlisted four men to assist him in carrying out his commission. It was planned to throw a bomb at Count Witte's carriage from the window of a cheap boardinghouse on Kamenny island while the count was on his way to attend a meeting of the council of empire.

The plot, however, was betrayed by the revolutionist bureau, which gave Count Witte warning. The four workmen continued to pretend loyalty to Kazantseff in order not to arouse his suspicion. The day for the assassination was fixed and that morning Kazantseff led his supposed assistants to a wood in the vicinity of St. Petersburg in order to get the bomb from a secret hiding place.

At this point the four men turned on Kazantseff and killed him, carrying out the sentence of death passed on him.

SCHMITZ IS A CANDIDATE

Convicted Mayor of Frisco Wants to Be Re-Elected.

San Francisco, July 3.—Mayor Eugene Schmitz, who is awaiting sentence under conviction of extortion, in an interview authorized the Associated Press to say that he will be a candidate for re-election to a fourth term and that he has already begun the preliminary work of his campaign. He declared that he is confident of winning at the polls and that nothing will prevent him from running except the denial by the appellate and supreme courts of his appeal for a new trial.

Another announcement by the mayor is that he will bring mandamus proceedings against Judge Dunne if his sentence is not forthcoming next Monday as promised. Until judgment is passed the mayor cannot carry his appeal to the higher courts, and until he has appealed he has no hope of gaining admittance to bail.

Body of a Baby Found.

Minneapolis, July 3.—Murdered soon after birth, the dead body of a baby girl was found floating in the Mississippi river near the lower flats. The body was tied to a heavy plank and was still warm when discovered. Two boys swimming off the flats discovered the plank with the body tied to it and notified the police. Physicians say the child was thrown into the water while alive.

Come out tonight For things needed tomorrow

Our store will be open tonight that you may select your dress necessities for tomorrow out of our excellent stocks.

The embroidery class Will not meet this week

Owing to the fact that Miss Fuller takes her vacation beginning with Friday, we will not instruct the embroidery class this week. Next meeting will be held on Friday, July 12.

H. F. Michael Co.

INJUNCTION SOUGHT.

Against Issuance of Franks by Express Companies.

Chicago, July 3.—District Attorney Sims in accordance with directions from Attorney General Bonaparte filed suit against five of the big express companies in the United States circuit court here, asking for an injunction to prevent further alleged violations of the new rate laws insofar as they relate to the issuance of express franks. The five companies are the United States, the National, the American, Wells-Fargo & Co. and the Adams.

The grounds on which the injunctions are asked are that the companies have made a practice of issuing express franks to their officials, employees, attorneys and to the officials, employees and attorneys of other express companies and of railway companies. There is no dispute on the part of the defendants as to the facts, as in answers filed immediately to the suits counsel for the companies admit franks or passes as they call them were issued, but it is maintained that there was no violation of the law because the franks were issued in exchange for franks and that there was no discrimination.

Officers Arrested for Treason.

Cettinje, Montenegro, July 3.—A sensation was caused here by the arrest of fifteen officers of the Montenegrin army on charges of high treason. It is declared that the authorities have discovered a military plot against the Tomanovic government.

Freak Foliage.

The owners of country places in such regions of country where fruit trees abound are treated this season to a strange phenomenon, due, it is said, to the protracted unseasonable weather, says the New York Telegram. The leaves, unusually late in coming out, have at the ends of the branches and toward the top of the trees budded out into a pale yellow instead of the usual vivid green of the late spring and early summer. This is said to be occasioned by the sap not having run up far enough to produce the customary development of the leaves.

Elephants at a Western Fort.

The war department has selected the Fort Sill reservation as a maneuvering ground, says the Kansas City Star. As a means of moving heavy artillery from Lawton to the reservation a carload of elephants has been unloaded. These are the first elephants ever brought to Oklahoma or the west for such a purpose.

The Greatest of All.

The members of the U O 2 Be In It club are holding a merry session at the O'Brien cottage on Clearwater lake. The house party will be increased over the Fourth by a large number of guests from town.

D. E. and Mrs. Perkins, Dr. Page, Dr. Conklin and Geo. Richter, of Des Moines, Iowa, all passed through the city today on their way back to their homes after a visit at Jenkins. They report very good fishing.

Duffy's apple juice at the Coates Liquor Co. 18tf

Cards have been received inscribed "Miss Clara Wolff, Violin, Bremen, Germany." Miss Wolff will be remembered as a friend of Miss Louise Beare who has visited her several times in this city and charmed friends by the strains of her violin.

An old fashioned 4th of July celebration will be held at Crow Wing, with dancing in the evening. The boat Reliance will run an excursion from this city down the river in time for the dance, leaving the Laurel street bridge at 6:30 p. m., returning after the dance. Round trip fare 50 cents. 27tf

Card tables and folding chairs for rent at D. M. Clark & Co. 18tf

Cards have been received announcing the marriage of Miss Minnie Sanborn, oldest daughter of J. N. Sanborn, formerly master mechanic of the Minnesota & International railroad. The wedding occurred at Fort Worth, Texas, on June 27th and the happy couple will be at home in that city after July 15.

Hon. Jud Lamoure was in the city last night, having come down from Smiley yesterday to meet his daughter-in-law, Mrs. J. LaMoure, Jr., and daughter, of Pembina, N. D., who arrived this morning from their home. Mrs. LaMoure, Sr., came down from Smiley today and the entire party returned to the La Moure summer home at the latter place this afternoon.

Pies—Legal and Illegal.

The pie of our mothers and grandmothers is not maligned. Those pure domestic confections, manufactured in family kitchens, whether from apples, rhubarb, cherries, blackberries, gooseberries, huckleberries or the alluring but deleterious mince, without the introduction of exotic chemicals, can defy the inquisition of government chemists seeking for infraction of the pure food law. But that portion of the pie product which has passed under the sway of pie foundries is asserted to be mixed with deleterious additions, says the Pittsburg Dispatch. What boracic acid is to meats and iodoforn to milk benzoate of soda is stated by Dr. Wiley to be to the pies of trade. And it is announced that pies of the vintage of 1906 treated by that preservative, for sale in the appropriate season of 1907, are to be put under the taboo of the pure food law.

Placed on Record

ANOTHER BIG OPTION IS GIVEN

Several Heavy Royalty Leases
Have Been Made a Matter
of Record Recently

One of the heaviest options yet put on record in Crow Wing county in that recently given by Carl G. Carlson and wife to Geo. H. Crosby. The option covers lots 3, 4 and 6 and the east half of the southeast quarter of section 29, township 47, range 28. The option places the purchase price of the tracts at \$35,000, of which \$5,000 was paid in cash. The purchasers have until the 15th of December next to explore the premises and decide if they wish to purchase.

J. H. Miller and J. H. Newman have leased to the Zeno Iron Mining company a quarter section, the lease calling for a minimum of 12,000 tons per year to be mined and a royalty of 8 1/2 cents per ton to be paid.

The option above mentioned has been assigned of record to Wm. Harrison, who is one of the officers of the Zeno Mining company. This would indicate that the concern is going into the development of the Cuyuna range heavily.

Another heavy lease has been executed by Cuyler Adams and wife and Wm. Edson and wife to the Syracuse Mining company on a tract of land on the Cuyuna, by which the latter pledges itself to pay 15 cents a ton on all ore mined and if it commands more than \$3.25 per ton at Cleveland, Ohio, then the royalty will be ten cents per ton additional. The minimum royalty is to be on 25,000 tons the first year and 50,000 tons per year thereafter.

LITTLE WOOL

No Advance Made in the Water
Works Question by the Meet-
ing Tuesday Night

FEW NEW IDEAS ADVANCED

Considerable Discussion was In-
dulged in but Little Light
Thrown on Subject

There was but a small attendance at the joint meeting of the Municipal League and Commercial club last night. There were less than a half dozen who were not members of the club present and though there was considerable talk it was the opinion of those present that the close of the meeting found the question no nearer solution than the opening.

A member of the city council commented on the fact that the members of that body who had urged the calling of the meeting in order to get an expression of opinion on the question were conspicuous by their absence from the meeting.

The meeting was called to order at 9 o'clock by President Hemstead, of the Commercial club and the proposition was read by Secretary McKay.

R. R. Wise was called upon, not as mayor, as President Hemstead put it, but as one of the heaviest tax payers of the city. He spoke briefly and pointedly on the subject and said that he believed in municipal ownership, but did not see that it was practical at this time. He then read from a paper which which he had prepared a number of changes, or rather safeguards, which he thought should be incorporated in the proposition.

L. J. Cale was called upon and discussed the subject briefly, but expressed no definite desire except for better service.

M. E. Ryan declared for municipal ownership first, last and all the time. He declared that 75 per cent of the people wanted municipal water works. He then proceeded to score the city council for not having made some progress along those lines and wound up by declaring that if the proposition must be entertained expert counsel must be employed by the city to look after the drawing of the contract.

M. J. Reilly believed in municipal water works, but wanted pure water and fire pressure as soon as possible. It was a fair proposition he believed and should be entertained with proper safeguards in the way of a contract.

The question was raised as to how large an amount of bonds could be legally issued by the city for water and light construction. No one was in a position to state definitely, some saying that it was unlimited, others that it was limited to 7 per cent of the assessed valuation of the city.

A. Ousdahl set forth figures giving the amount for which he claimed the present system of mains can be reproduced and urged that the matter be turned over to a committee of citizens.

J. P. Anderson also advocated the appointment of a committee. Several others called attention to the fact that for the past five years there had been committee after committee appointed and yet there had been positively no advancement made in the matter.

W. H. Cleary declared that as a business proposition the proposition was a good one. It was the solution a business man would make of the matter should it come up in his own business.

A local organization was suggested, to buy and take over the plant, but that found no favor.

John Congdon came in and suggested that it was a snap meeting, but when informed by the chair that the notice had appeared in all the weekly papers last Friday and in THE DAILY DISPATCH besides, he admitted that he had not looked at the papers.

F. H. Gruenhagen made an earnest appeal for the proposition. He said that for five years it had been daily, daily, daily, and nothing done. That at any fire there was liable to be a break in the mains that would leave the city absolutely at the mercy of the flames. There was an opportunity now to get good pure water with good pressure and cheap power for the electric light plant.

M. T. Dunn was for municipal ownership first, last and all the time and believed that the city could run the electric light and water plants on steam and furnish lights for the present rates and water for one-fourth of that rate.

Dr. Groves indulged in an attack on the Minnesota Water Works Co. and the Brainerd Hydro-Electric Co., which brought W. D. McKay to his feet. Mr. McKay gave the history of the water works proposition from its inception. He told how the matter was taken up with Mr. Tighe and an effort made by him to induce the bondholders of the Minnesota Water Works Co. to float \$250,000 in bonds to put in the power plant and purchase flowage for a 23 foot dam. This was found to be impossible. Mr. Tighe and the Water Works Co. then dropped out of the deal entirely and Mr. Wright and Mr.

McKay organized the Brainerd Hydro Electric Co., Mr. Wright having all the time owned the dam site.

Mr. McKay gave the history of the efforts of the company to make contracts with the city and the Northern Pacific, and stated that the railroad company absolutely refused to make any contract that could be used as a part of any flotation scheme. The matter was again taken up with Mr. Tighe and he was induced to permit Mr. Wright to make the proposition now before the council.

Geo. D. LaBar urged the acceptance of the proposition. He said that opportunities came but once in a life time. The city had now the opportunity to settle the question of water and of power for the electric light plant. The city had been able to get absolutely no satisfaction out of the owners of the water power on the Mississippi at this point and would be up against it right unless they had some source of power. The meeting adjourned without taking any action in the matter whatever.

RAISE FINE CLOVER

Samples of Alsike and Alfalfa Shown
in this City are Remarkable in
Every Respect

Crow Wing county has them all discounted in the matter of clover raising. C. B. Wilson, of Staples, had a sample of alsike pulled up alongside the road in the town of Daggett Brook, which had no less than 41 stalks from a single seed.

E. C. Hoberg was also in the city today showing alfalfa grown on his farm in section 4-136-27. These samples certainly are hard to beat and neither is the result of special culture. Crow Wing county certainly has a great future as a hay producing country.

Stray Horse Taken Up

On Saturday, June 29th, 1907, a stray horse was taken up, and is now in the city pound, weighs about 800 pounds, dark bay, mane roached, scar on right hip, rupture on left side, left hind foot white. Will be sold at city pound Friday July 5th to highest bidder at 2 p. m.

July 2, 1907.

ANNUAL MEETING

The Brainerd Library Board Held Annual Meeting at the Library Building Tuesday Evening

The annual meeting of the Brainerd Library Board was held in the Carnegie Library building Tuesday evening and the following officers were elected and committees appointed for the ensuing year:

President—H. I. Cohen.
Vice President—Mons Mahlum.
Secretary—Mrs. C. M. Patek.
Book Committee—Mesdames—L. M. Follett, J. P. Early, and C. M. Patek.
Finance Committee—Dr. Werner Hemstead, Dr. A. F. Groves.
House Committee—Mons Mahlum, H. P. Dunn, Prof. T. B. Hartley.

Mormon

There will be a conference of the Church of Jesus Christ of Latter-Day-Saints, held in Walker hall, Sunday, July 7, 1907, at 2 p. m. and 8 p. m. President C. P. Olson and others of the Minnesota conference will be present. All are cordially invited. No collection taken. 2713

MUSIC AND DRAMA

"Dockstader's Minstrels"

Lew Dockstader and his famous minstrel band with everything brand new will be seen at the opera house on Friday night. By dint of much thought and the expenditure of an enormous outlay of money, Mr. Dockstader has brought his performance to even a higher grade of perfection than in the past. Of course the interest centers in the minstrel king, who has carried out his policy of presenting novelties to the public at all times. Mr. Dockstader will be seen this season as the "Bungtown Corker," in which character he will portray the trials and tribulations of the life of a newspaper man. The manner in which this role is led up to is one of the most unique surprises Mr. Dockstader has ever had. Neil O'Brien, whose quaint humor seems to grow more amusing every season has provided himself with some of the best material and songs he has ever had, and will be further seen in a sketch which is called "Rapid Transit No. 2." In this Mr. O'Brien fairly outdoes himself in the matter of fun making. Vocally the singing contingent is better than ever before. Reese V. Prosser, Joe Natus, Gus Reed, Wallace Mersereau, James B. Bradley, James Reaney and the old favorites are in the cast. The closing number of the performance is entitled "Moon Love," that being the title of the song which is introduced during the action of the sketch. The stage picture is described as one of the handsomest ever built, and the music of the most fascinating nature.

JULE JAMIESON, Prop

Success of a Blind Student.

Francis A. Lockford of Newton Lower Falls, Mass., a member of this spring's graduating class at Bates college, is doubtless the first blind man who has ever made his way through a Maine college, says the Kennebec (Me.) Journal. He has been blind from birth and is a good example of what pluck and courage can accomplish. He is a graduate of the Perkins School for the Blind in Boston and entered Bates in the fall of 1903. He has been active in college affairs, being a leading member of the Eurythmian society, where his musical ability has been freely at the disposal of his associates. He has been a most enthusiastic supporter of athletics, attending all the games and adding his voice to the cheering section. He has taken good rank in his studies and expects to become a teacher or tutor in the classics and in French and German.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him. W. L. DUNN, J. W. KIRKMAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Springtime, after a long winter's use, before putting away for the summer, is the time blankets should be renovated.
We thoroughly cleanse, remove that bad odor and any stains, recolor and return them to you with the same soft, fleecy finish they had when originally purchased.
Information booklet free. Return coupon with order of \$5 or more.

THAT SHE MIGHT BE FREE

Young Woman Accused of Killing Her Husband by Fire.

Scranton, Pa., July 3.—Mrs. Kindra Howrsto, aged eighteen years, of Dunmore, is in the county jail charged with having burned her husband to death that she might be free to marry her former lover, Ignatz Hutro, who is also in jail charged with being accessory. The police officials say that Mrs. Howrsto has confessed and given all the details of the crime.

All the parties are Lithuanians. According to the story told the police by Mrs. Howrsto she and Hutro were lovers before she married Howrsto in the old country two years ago. Hutro preceded them to this country. When they came here they settled near where Hutro was living in the Nay Aug section of Dunmore borough.

Hutro renewed his attentions to Mrs. Howrsto and frequently was at their home. According to her confession, Hutro came to the Howrsto home on Monday and suggested that she make away with her husband. Following Hutro's suggestion the woman got her husband drunk and when he was stupefied in bed she went to the room with the kerosene lamp. She poured the oil from the lamp on the bed and then, she says, the lamp dropped on the bed, setting it afire. At the sight of her husband roasting in the flaming bed, she became horror-stricken and rushed from the house crying "fire." Neighbors extinguished the flames and had Howrsto sent to a hospital, where he died without regaining consciousness.

Hutro denies all knowledge of the crime. Both are being held pending an investigation.

GIFTS TO SMALL COLLEGES

Dr. D. K. Pearsons Adds to Amount He Has Already Disbursed.

Chicago, July 3.—Dr. D. K. Pearsons of Hinsdale, Ill., whose gifts to small colleges have reached a large sum, has added \$71,000 to the amount he has already disbursed in that direction. The gifts were distributed to the Newberry college, South Carolina, and Kingsher college, Okla., each \$25,000; Hastings college, Nebraska, and the Dubuque German Presbyterian seminary, \$10,000 each, and \$1,000 to Coe college, Cedar Rapids, Ia.

CAUGHT IN THE ACT.

Physician Arrested While Making Counterfeit Money.

Albuquerque, N. M., July 3.—A man giving the name of G. U. Hall and claiming to be from St. Joseph, Mo., but recently a practicing physician at Lennox, Ia., was arrested here while in the act, it is charged, of making counterfeit money.

Hall, who has a wife and daughter in Little Falls, Wash., begged the police to shoot him as he feared the disgrace would kill his family.

London Curio Club.

The latest thing in clubs is the Curio club of London, at 107 Regent street, started for connoisseurs and collectors as a headquarters where they may meet and exhibit their precious objects and offer them for sale or exchange, says the New York Tribune. There is already a valuable collection on view under the care of an expert, who values and cares for the articles, which include all the rare curios imaginable. There is no doubt of the success of the club, as many persons possess valuable articles of many kinds and have no idea of their real value until submitted to an expert. At the club this may be done and the articles left safely guarded for sale or exchange.

NOVEL CATTLE BRAND.

Evanston (Ill.) Man Painted His Telephone Number on His Cow's Flank.

A new method of marking cows has sprung into use in Evanston, Ill., says a Chicago correspondent of the Kansas City Times. Instead of bearing a symbol burned upon the flank the cows have their owners' telephone number painted upon their sides. William C. French, 1414 Hinman avenue, who owns a "muley" named Mary Jane, invented the idea. Mary Jane was peaceful until she was taught to lose herself by an imported Texas cow, and as a last resort Mr. French labeled her in bright paint, "Tel. 46."

So successful has been the experiment that several cows now carry telephone numbers.

HIS HOME BESIEGED

John D. Rockefeller Sought by United States Officers.

OIL MAGNATE NOT LOCATED

Federal Marshals Unable to Serve Subpoena Upon the Head of the Standard—Neither Can They Find William Rockefeller.

Cleveland, July 3.—Forest Hill, the suburban home of John D. Rockefeller, was besieged by United States Marshal Frank M. Chandler and corps of deputies representing the department of justice from early Tuesday morning till after nightfall. Up to that hour the efforts of federal officials to serve the subpoena issued from Judge Landis' court in Chicago on Mr. Rockefeller had been unsuccessful and Marshal Chandler and his deputies will continue picketing the Rockefeller estate.

Access to the lodge was denied a deputy marshal at 2 o'clock p. m. and Marshal Chandler at that time announced that he would ask the department of justice at Washington for further authority. Later he was admitted to the lodge and Superintendent Jones of the Rockefeller estate informed him that he and his deputies could have the freedom of the place, a disclaimer being entered that the barring of the gate against the deputy marshal was meant as an affront to federal authority. Marshal Chandler would not say positively that he believed John D. Rockefeller is at Forest Hill but he said he felt sure that the latter is now within the jurisdiction of the federal court of Northern Ohio.

ROCKEFELLERS ELUSIVE.

United States Marshal Henkel Unable to Find Them.

New York, July 3.—Although United States Marshal Henkel has had in his possession since Saturday last a subpoena calling upon John D. Rockefeller, president of the Standard Oil company, to appear as a witness before the federal court in Chicago on July 6 the marshal is still unable to find Mr. Rockefeller or to serve the summons.

While Marshal Henkel and his deputies are seeking everywhere for John D. Rockefeller they are equally zealous in their effort to serve William Rockefeller, a brother of John D. Rockefeller, with a subpoena requiring his presence before Judge Landis in Chicago.

Marshal Henkel declares that William Rockefeller is as difficult to serve as his brother. A report has it that William Rockefeller is in Rome, another report has him sojourning in the south of France, while another says he is in the Adirondacks.

ROOSEVELT'S WESTERN TRIP

Details of the Itinerary Announced by Secretary Loeb.

Oyster Bay, N. Y., July 3.—The details of the itinerary of President Roosevelt's Western trip, which is to begin at the termination of his summer vacation, have been announced by Secretary Loeb. The president will leave Oyster Bay for Canton, O., Sept. 29. He will make an address at Canton at the dedication of the McKinley national monument Sept. 30 and leave immediately for Keokuk, Ia., where he will arrive at 9 o'clock Oct. 1. He will make an address at Keokuk and two hours after his arrival will embark on the steamship Mississippi. From 10 until 3 o'clock the next day he will spend in St. Louis. He will then continue his sail down the Mississippi, the next stop being at Cairo, Ill., where he will spend the two hours from 9 until 11 o'clock on Oct. 3. An address will be made by the president at Cairo and another at Memphis, Tenn., which will be reached the next afternoon at 1 o'clock. An uninterrupted trip to Washington from Memphis will begin at 4 o'clock Oct. 4.

ENTIRE TOWN THREATENED

Fire Likely to Wipe Out the City of Whitwell, Tenn.

Chattanooga, Tenn., July 3.—A telephone message to the Times from Whitwell, Tenn., says:

Fire which started in the store of the Whitwell Mercantile company shortly before midnight Tuesday night is still raging and the entire town is threatened. The bank of Whitwell has been destroyed and the postoffice and all the main business houses are directly in the path of the flames. There is little chance to stop the fire, as the only means of fighting it is with buckets.

It is impossible to estimate the loss already sustained or where the conflagration will stop, as the water supply is practically exhausted.

Two Educators Drowned.

East Northfield, Mass., July 3.—Philip K. Green, instructor of English and mathematics, and David A. Durward, assistant in the agricultural department at the Mount Hermon school for boys, were drowned while canoeing in the Connecticut river.

Strikers Give Up the Fight.

Chicago, July 3.—After sixteen weeks of strike the members of the Boilermakers and Iron Shipbuilders' union at South Chicago gave up the struggle against the Chicago Shipbuilding company.

ITALIAN WINS THE RACE.

Felice Nazzaro the Victor in Auto Race in France.

Dieppe, France, July 3.—The Grand Prix of the automobile club of France was won by Felice Nazzaro, the Italian champion, against a field of thirty-eight entries. With coolness, nerve and endurance he guided his car at a killing pace and overhauled the two men ahead of him, Lancia and Duray, covering the 477 miles of the course in 6 hours, 46 minutes and 33 seconds, or at an average of a mile in a fraction over 51 seconds. The fastest average time for a lap of the course was made by Duray, a French racer, who covered the 477 miles at the astounding rate of a mile every 47.740 seconds. The average rate of speed maintained by the winner for the distance establishes a new world's record.

W. C. Christie, the only American participant driving an American machine, had trouble early in the race and did not figure among the leaders.

Dieppe was crowded with visitors and fully 50,000 people saw the start. The route was lined by spectators, but owing to the precautions taken—the course being patrolled by a total of 8,000 soldiers—there was no fatal accident and only one minor collision was recorded.

The race was one of the hardest fought and fastest auto contests ever seen. The roadway, undulating with a few dangerous turnings and many rapid curves, was in excellent condition.

The full course was ten times around the triangle.

The victory of an Italian was a disappointment to the French but Nazzaro was cheered as he dashed in a winner. The plucky fight made by the other contestants appealed to the spectators who cheered their favorites heartily.

Canals of Mars Photographed.

Cambridge, Mass., July 3.—The Lowell expedition to the Andes has succeeded in photographing canals of Mars according to a telegram received at the Harvard observatory from Professor Percival Lowell, director of the Lowell observatory at Flagstaff, Ariz.

TELEGRAPHIC BREVITIES.

Hiram J. Ayers, the inventor of giant powder, died at Akron, O., Tuesday, aged eighty-four.

A slight earthquake shock was felt at Wallasey, Eng., at noon Tuesday. No damage was done.

The epidemic of typhoid fever in Pittsburg is gradually assuming serious proportions. In June there were 498 new cases.

The official call for the fifteenth national irrigation congress to be held at Sacramento, Cal., Sept. 27 inclusive, has been issued.

After writing a farewell note to his wife, Olaf Lee of Minneapolis ended his life by shooting himself in the head with a 32-caliber revolver in El-Hott park.

Reduce Your Fat

Rengo Rapidly Reduces Excess Fat Without the Aid of Tiresome Exercises or Star

COSTS NOTHING TO TRY.

Rengo will reduce excess fat and build up the strength and health of anyone who eats it regularly for a short time. It is a product of nature, delicious to the taste and safe and harmless in all its properties. It will not injure the digestive organs, as so many drugs and medicines do.

Rengo will positively reduce surplus fat rapidly and do so without harm to the subject. It is very palatable and pleasant to eat. It is prepared in a highly concentrated form and is convenient to carry in the pocket so one can have it with him at all times.

Rengo requires no exhausting exercises or starvation dieting to help of out, as so many of these so-called fat remedies do, you can

This Illustration Plainly Shows What Rengo Has Done.

go right ahead and attend to your regular daily duties. It compels proper assimilation of the food and sends the food nutriment into the muscles, bones and nerves and builds them up instead of piling it up in the form of excess fat. There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 3073 Rengo Bldg., Detroit, Mich. If you prefer they will gladly send you a trial packet free by mail. For sale and recommended in Brainerd, by H. P. Dunn & Co., Druggists.
